Change of attributes of accreditation for accredited school site/s application

Education (Accreditation of Non-State Schools) Act 2017

Form CATT-F

Legislative background

The *Education (Accreditation of Non-State Schools) Act 2017* (the 'Accreditation Act') and the *Education (Accreditation of Non-State Schools) Regulation 2017* (the 'Accreditation Regulation') establish a legislative framework for accreditation and eligibility for government funding of Queensland non-State schools.

The Accreditation Act provides for the establishment of the Non-State Schools Accreditation Board (the 'Board'). The Board is an independent statutory authority that regulates non-State schooling in Queensland. Its responsibilities include making decisions on the accreditation and eligibility for government funding of non-State schools and changes in accreditation attributes of non-State schools, as well as monitoring governance arrangements and compliance with accreditation criteria.

The Accreditation Act requires the Board to make a decision on an application within six months of lodgement. Applicants must take this into account when proposing student-intake days to allow sufficient time for consideration of this application. *Therefore, the student-intake day should not be less than six months from the lodgement date.*

The Board may require an applicant to provide further information or documents to support an application.

If accreditation is granted, a school must comply with the accreditation criteria from the school's student-intake day for the change of attribute.
