Letter of compliance

1 August 2024

The Honourable Di Farmer MP
Minister for Education and
Minister for Youth Justice
PO Box 15033
CITY EAST QLD 4002

Dear Minister

I am pleased to submit for presentation to the Parliament the *Annual Report 2023–2024* and financial statements for the Non-State Schools Accreditation Board.

I certify that this annual report complies with:

- the prescribed requirements of the *Financial Accountability Act 2009* and the *Financial and Performance Management Standard 2019*, and
- the detailed requirements set out in the Annual report requirements for Queensland Government agencies.

A checklist outlining the annual reporting requirements can be found at Appendix 17 of this annual report.

Yours sincerely

Patrea Walton PSM
Chairperson
Non-State Schools Accreditation Board

About this report

Scope

The *Annual Report 2023–2024* outlines the activities and achievements of the Non-State Schools Accreditation Board (the 'Board') established on 21 September 2001 under the *Education (Accreditation of Non-State Schools) Act 2001* (repealed 1 January 2018), and continued in existence from 1 January 2018 under the *Education (Accreditation of Non-State Schools) Act 2017*.

In this report, unless the context otherwise requires, the term:

- 'Minister' refers to the Honourable the Minister for Education and Minister for Youth Justice
- 'Director-General' and 'chief executive' refer to the Director-General of the Department of Education.

The report has been prepared in accordance with the legislative requirements of the *Financial Accountability Act 2009* and the *Financial and Performance Management Standard 2019*, and the detailed requirements set out in the *Annual report requirements for Queensland Government agencies* produced by the Department of the Premier and Cabinet.

This report is designed to inform a wide range of community stakeholders, including Members of Parliament, government agencies, persons in the education profession, students and the general public.

Chairperson's message

I am pleased to present the annual report for the Non-State Schools Accreditation Board (the Board) for the 2023-24 financial year.

Over the past 12 months, the non-state schooling sector has continued to provide high-quality education to more than 300,000 Queensland students, representing a rich and varied educational choice for families around the state.

During this time, the Board has also experienced a period of growth and change, embracing significant opportunities to strengthen its regulatory activity and advisory functions in line with an ever-evolving sector.

Notably, in 2024 the Board welcomed the findings and recommendations of the Queensland non-state schools accreditation framework (NSSAF) review, led by Cheryl Vardon, AO. The Board also welcomed several new members and farewelled its former chairperson, deputy chairperson and appointed nominee of the Director-General.

As incoming chairperson of the Board, I wish to express my sincere appreciation for the invaluable contribution that the previous chairperson, Lynne Foley, has made to the non-state schooling sector in Queensland. On behalf of the Board, I gratefully acknowledge Lynne's professionalism and dedication to the role, noting the highest ethical standards with which she guided members during her nearly six years of service. Board members have valued Lynne's evident passion for education, demonstrated by her unwavering commitment during her tenure to seek the best educational outcomes for all students and young people enrolled at non-state schools across Queensland.

I would also like to acknowledge former deputy chairperson, Emeritus Professor Carol Nicoll, for her wisdom, experience and dedication in this role. The Board has appreciated Carol's strategic thinking and insightful contributions, particularly when navigating the many challenging and complex issues that appeared before the Board for discussion and consideration throughout her tenure.

During the year, Deborah Dunstone also finished her time with the Board. Deb, appointed as the nominee of the Director-General, has provided a deep and nuanced understanding of the educational landscape in Queensland and has proved invaluable in encouraging sound and equitable decision making.

To our newest Board members, it is my privilege to extend a warm welcome.

Duncan Anson was appointed as nominee of the Director-General on 7 September 2023. Duncan is the Chief Finance Officer and Assistant Director-General within the Department of Education, bringing to the role a wealth of experience and expertise in finance, resourcing and procurement.

Allan Blagaich – Executive Director, Queensland Catholic Education Commission – was appointed on 11 September 2023. Allan's extensive background in a variety of educational environments, particularly in curriculum development and delivery, will provide us with a depth of pedagogical insight and experience.

Christine Clarke was appointed to the Board on 8 February 2024. Her broad experience in Queensland schools, where she has held a variety of leadership roles in curriculum and pastoral

care as well as a principal, has been welcomed. Christine accepted the role of deputy chairperson on 7 March 2024.

The past 12 months have been a milestone period for regulatory reform and continuous improvement in the non-state schooling sector. Looking ahead, we are committed to implementing the recommendations of the NSSAF review report, which called for extensive change to deliver a non-state schools accreditation framework that promotes culture of compliance by leveraging collaboration and communication, clarity and consistency, as well as actively fostering community confidence.

The report sets out the features of a contemporary, risk-based regulatory framework that provides guidance and support to help schools and governing bodies achieve and maintain compliance, consistent with the *Queensland Government Better Regulation Policy* and the Queensland Audit Office's 2021 recommendation that all Queensland public sector regulators self-assess their practices against a number of better practice guides – and implement necessary changes to strengthen performance.

The Queensland Government accepted 21 of the report's 24 recommendations of the review in-principle, and is further considering the three recommendations relating to the establishment of a new governance structure.

Work on these recommendations is underway, and members of the Board look forward to continuing to work with government, our partners and stakeholders to promote student safety and wellbeing as well as positive outcomes and pathways for students in the non-state schooling sector.

While the implementation of these recommendations represents our most significant priority, supporting our governing bodies, principals, educators and school staff has never been more important as the place and nature of education continues to evolve, especially in the face of rapid and unprecedented technological advancement. Twenty-first-century schools face a number of challenges relating to student engagement, wellbeing and preparation for lifelong learning in a world grappling with sometimes disruptive demographic, social, environmental, economic and political shifts. More and more, schools are being called upon to redefine teaching and learning and to promote equitable access to high-quality education, regardless of a student's background, ability or location.

In this context, sound governance and strategic oversight of schools remains paramount to the success of the sector and foregrounds a need for directors of governing bodies to possess the appropriate skills and experience to provide this oversight, advocacy and support.

The Board expects that working more closely with the Queensland Curriculum and Assessment Authority (QCAA) will provide the expert advice needed for curriculum implementation, and that training for authorised persons and Secretariat staff will enhance not only its core service delivery as a regulatory body but also its educative functions in line with the principles of best practice.

The complex administrative support provided by the Board's Secretariat plays a key role in the day-to-day operations of the Board. I wish to thank all staff who contribute their skill, effort and expertise, assisting the Board and the non-state schooling sector not only to fulfil their legislative obligations but also to set high standards for the delivery of exceptional education services where each student is known, valued and equipped for success.

It is through their hard work, commitment and agility that we have been able to keep building the foundations for a robust and high-performing education system that offers families choice, assurance and the opportunity for their children to strive, learn and achieve.

As we look ahead to the coming year, I am confident that we are putting in place a structure which better meets the contemporary needs of the non-state school sector along with high expectations that will drive improvements in educational outcomes, and safeguard our highest priority: student wellbeing for young Queenslanders.

This annual report highlights the Board's considerable achievements in 2023-24, as well as the areas we have identified for continuous improvement. We are committed to the highest levels of transparency and accountability as we maintain our focus on providing the best possible outcomes to our non-state schooling communities.

General information

Vision

Quality education offered in non-state schools to students who are respected and nurtured in a safe, sustainable and principled environment that values diversity in its people and educational choices.

Purpose

- Uphold the highest standards of education in non-state schools
- Maintain public confidence in the operation of non-state schools
- Foster educational choice in Queensland.

Values

Members of the Board are committed to the following values, which they believe are critical in producing the best, most equitable and just decisions:

Integrity. We adopt a non-partisan approach to our work, and are committed to being professional and ethical.

Objectivity, impartiality and independence. We are committed to acting in an objective, diligent and impartial manner.

Honesty. We are committed to being fair, trustworthy and straightforward.

Respect for others. We will treat all people with respect and courtesy, be open to views that may be different from our own, and promote the development of supportive working relationships within the educational and wider communities.

Consistency. We will perform our functions in a consistent manner that is, as far as possible, free from arbitrary variation or contradiction.

Credibility. We are committed to performing our functions in a way that promotes the Board as worthy of confidence.

Transparency. We are committed to openness and accountability.

Excellence. We are committed to achieving quality outcomes and striving for excellence in everything that we do.

These values are consistent with the obligations of Board and Committee members and authorised persons, described in the *Code of Conduct for Members of the Non-State Schools Accreditation Board, Members of a Committee of the Board and Authorised Persons appointed by the Board*, made under the *Public Sector Ethics Act 1994*. More information about the code of conduct can be found later in this report.

Relevant legislation

The present accreditation and government funding eligibility framework for Queensland non-state schools commenced on 1 January 2018 under the *Education (Accreditation of Non-State Schools) Act 2017* ('Accreditation Act 2017') and the *Education (Accreditation of Non-State Schools) Regulation 2017* ('Accreditation Regulation 2017'). These pieces of legislation are available at <https://www.legislation.qld.gov.au/view/html/inforce/current/act-2017-024> and <https://www.legislation.qld.gov.au/view/html/inforce/current/sl-2017-0197>, respectively. The Accreditation Act 2017 and Accreditation Regulation 2017 replaced, respectively, the *Education (Accreditation of Non-State Schools) Act 2001* ('Accreditation Act 2001') and the *Education (Accreditation of Non-State Schools) Regulation 2001* ('Accreditation Regulation 2001').

The foundations for the original Accreditation Act 2001 and Accreditation Regulation 2001 were largely laid by the 1999 review of accreditation and government funding arrangements for non-state schools chaired by Emeritus Professor Roy Webb AO, then Vice-Chancellor of Griffith University. The Accreditation Act 2017 and Accreditation Regulation 2017 arose from a review completed in 2016 of the Accreditation Act 2001 and Accreditation Regulation 2001.

The *Grammar Schools Act 2016* (<https://www.legislation.qld.gov.au/view/html/inforce/current/act-2016-052>) is relevant to non-state schools established under that Act. Other legislation is relevant to the operations of non-state schools in Queensland, such as the *Child Protection Act 1999* (<https://www.legislation.qld.gov.au/view/html/inforce/current/act-1999-010>), the *Education (General Provisions) Act 2006* (<https://www.legislation.qld.gov.au/view/html/inforce/current/act-2006-039>) and the *Education (General Provisions) Regulation 2017* (<https://www.legislation.qld.gov.au/view/html/inforce/current/sl-2017-0161>).

Amendments to legislation

There were no amendments to the Accreditation Act 2017 or the *Grammar Schools Act 2016* during the reporting period.

Section 27 of the Accreditation Regulation 2017 was amended in January 2024 by removing the number of students who are persons with a disability from school survey data.

Machinery of government changes

During the reporting period, there were no machinery of government changes that affected the Board, or the Board Secretariat.

Establishment of Board

The Non-State Schools Accreditation Board was established on 21 September 2001 under the Accreditation Act 2001 (now repealed). The Board has continued in existence from 1 January 2018 under section 97(1) of the Accreditation Act 2017.

Functions of the Board

The Board has the following functions:

- to assess applications for accreditation of non-state schools
- to accredit non-state schools
- to assess and decide applications about governing bodies' eligibility for government funding
- to keep a register of accredited schools
- to monitor whether accredited schools continue to comply with the accreditation criteria
- to monitor whether the governing bodies of accredited schools are suitable to continue to be a school's governing body
- to monitor whether the governing bodies of non-state schools that are eligible for government funding for the schools continue to meet the government funding eligibility criteria
- to monitor and enforce compliance with the Accreditation Act 2017
- to conduct investigations about contraventions of, or noncompliance with, the Accreditation Act 2017
- to examine, and advise the Minister about, the operation of the accreditation and eligibility for government funding schemes under the Accreditation Act 2017, including, for example, the examining of and reporting on a matter referred to the Board by the Minister
- another function given to the Board under the Accreditation Act 2017 or another Act.

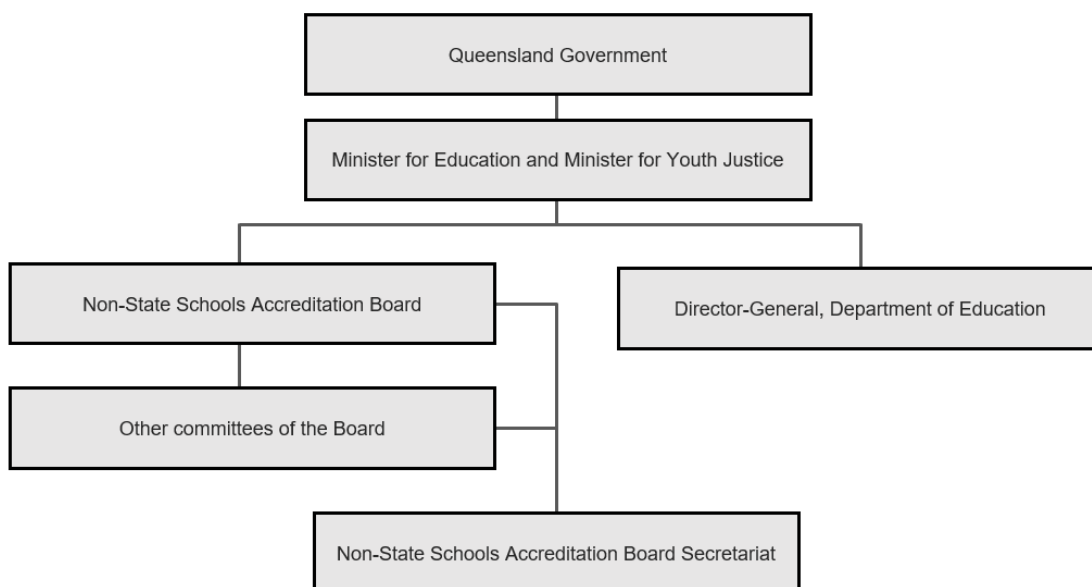

Membership and structure

Organisational structure

The schools

At the end of the 2023-24 financial year, there were 546 accredited and operating non-state schools in Queensland. Included in this total were eight schools established as grammar schools within the meaning of the *Grammar Schools Act 2016*. By comparison, at the end of the 2022-23 financial year, there were 547 accredited and operating non-state schools.

Display 7 lists the five new schools that commenced during the reporting period. Two [Australian Industry Trade College (Maroochydore, B275) and Australian Industry Trade College (Robina, B274)] are the result of the division of one school. The accreditation of the dividing school was subsequently surrendered [Australian Industry Trade College (Robina, 5740)].

The students

In 2002, there were 9428 preschool students, 91,826 primary students and 86,268 secondary students enrolled in 439 non-state schools. At that time, this total enrolment of 187,522 students represented 28% of all Queensland school students.

At Census Day, 23 February 2024, a total of 314,007.91 domestic full-time equivalent students were recorded across the 546 non-state schools in operation. Of this total, 148,438.4 were primary students and 165,569.51 were secondary students. This is 9189.3 students more than in February 2023, representing a growth of 3.01% in the non-state sector. The total enrolment numbers also include 3974 students receiving distance education from the 14 non-state schools offering it at Census Day.

Among the total student population in February 2024, there were:

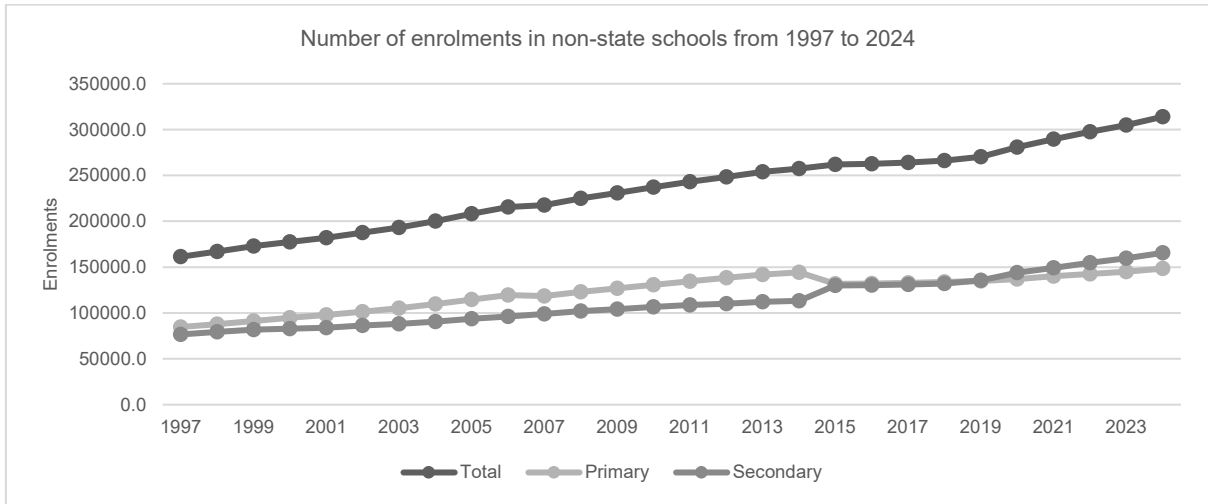

- 13,995.8 (4.4%) Students with English as a second language
- 16,272.3 (5.2%) Indigenous students
- 3518.2 (1.1%) students from isolated areas (remote)
- 2594.0 (0.8%) students from isolated areas (very remote)
- 5546.2 (1.8%) boarding students.

Not included in the total figures are 1506 overseas students and 229 'Students on Visitor Visas, Bridging Visas with study limitations, or No Visa' who are responsible for the cost of their own education. Combined, the 315,742.91 domestic and overseas students represent 35.6% of all Queensland school students.

Display 15 shows the number of enrolments in non-state schools from 1997 to 2024 at February census date. Enrolments have increased by an average of 2.51% per year over the 28 years; this splits into a 2.13% increase per year for primary education (including preschool and preparatory) and 2.93% for secondary education. There were fewer primary education enrolments in 2007 (-0.8%), which may be attributed to the half-cohort intake of Preparatory Year students in that year. As a result of the transition of Year 7 to secondary, there were fewer primary education enrolments in 2015 (-8.5%), and a subsequent increase in secondary education enrolments of 14.8%.

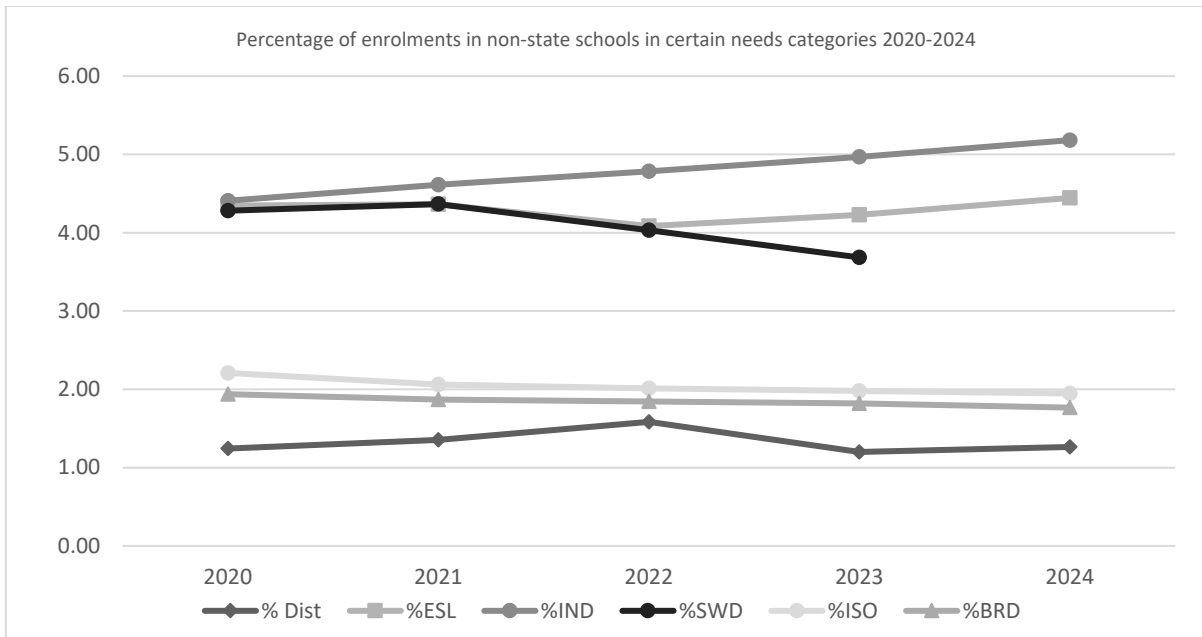

Display 16 shows that the percentage of domestic enrolments that also fall under certain needs categories over the last five years has remained approximately consistent, with small fluctuations. The proportion of distance education, English as a second language and Indigenous students in non-state schools has increased since last year, whereas the proportion of isolated and boarding have both declined. From 2024, data on students with disability is no longer collected as this part of the needs component for each school is now determined using Nationally Consistent Collection of Data on School Students with Disability (NCCD) provided by the Australian Government.

Display 16: Percentage of enrolments in non-state schools in certain needs categories, 2020 to 2024⁶

⁵ The decrease in primary enrolments and increase in secondary enrolments in 2015 resulted from the transition of Year 7 to secondary education.

⁶ The isolation measure was changed in 2019 to include students from Remote Australia, while in 2020 it included students from Remote Australia as well as Very Remote Australia.

Critical issues

Critical issues that the Board faces as it plans for the future include:

- the changing nature of education, and the impact of technological advancements
- community expectations of education and educational providers
- the increasing diversity of educational choice
- the increasing range of educational opportunities and pathways
- the importance of directors of governing bodies possessing the necessary skills and experience to provide appropriate oversight and support to schools
- monitoring schools and governing bodies to ensure they continue to meet their obligations in relation to child protection legislation.

Business operations

Accreditation

To operate in Queensland, a non-state school must be accredited by the Board under the Accreditation Act 2017. The Board must accredit the school if it is satisfied, for each type of education the school proposes to provide, that:

- the applicant is suitable to be the school's governing body, and
- the school will comply with the prescribed accreditation criteria from the school's student-intake day for the type of education.

Applications for accreditation

During the reporting period, the Board received 68 applications for accreditation, changes of accreditation attributes, and changes to relevant student-intake days (see Display 17 and Display 18). Of these, 41% were for changes of accreditation attributes (including the addition of a new site, changes to existing sites and changes to the governing body), and 44% were for student-intake day changes.

Display 19 shows the 69 outcomes of the 68 applications received. One application was initially deemed not valid. Three applications were withdrawn prior to Board decision. Still under consideration by the Board on 30 June 2024 were four applications for a new school, four applications for a new type of education and 15 applications for change of accreditation attribute.

⁷ One governing body, which has oversight of 21 schools changed. This accounted for 21 of the applications for change of attribute.

A summary of the type and scope of applications is provided in Appendix 2, Appendix 3 and Appendix 4.

Notice of attribute no longer applying

A school's governing body may, by notice given to the Board, advise the Board that an attribute of accreditation of the school no longer applies to the school.

The Board received five notices advising that a certain attribute of accreditation no longer applies to the school. On the effective date of the notice, the Board has amended the register to remove the attribute from the attributes of accreditation applying to the school, and has given the governing body of the school notice that the attribute of accreditation no longer applies to the school.

Display 34 in Appendix 4 shows an overview of notices received by the Board.

Notification of change in circumstances

Sections 169 (1) and (2) of the Accreditation Act 2017 require a school's governing body to give notice about a change in circumstances within seven days of the following events:

- the closure of the school
- the school stops offering a year of schooling for which it is accredited
- the governing body is affected by control action under the *Corporations Act 2001* (C'th) or
- the school starts to be operated for profit (if the governing body is eligible for government funding for the school).

No notifications of change in circumstances were received during the reporting period.

⁸ One application initially not valid became valid during 2023-2024 and was still processing on 30 June 2024

Notice of intention to use or cessation of temporary special assistance site

The Accreditation Act 2017 provides for a school's governing body to temporarily provide special assistance at a temporary site for up to 200 consecutive school days. A governing body can make a site inclusion application for the temporary site before the end of the special assistance period for the site if the site is to become an accredited site of the school.

During the reporting period, the Board received three notices for a special assistance school to use a temporary site and one notice for the cessation of a temporary site.

Initial assessments

In the reporting period, five schools were scheduled to commence an initial assessment under section 30 of the Accreditation Act 2017. At the end of the reporting period, one assessment had been completed and four assessments were still in progress.

Display 37 in Appendix 7 provides a summary of schools scheduled for an initial assessment.

Assessments of establishment phase schools and when schools start to operate at new sites

From 1 July 2023 until 30 June 2024, 14 schools were scheduled to commence an establishment phase assessment under section 31 of the Accreditation Act 2017. One assessment had been completed and 13 were still in progress by the end of the reporting period.

Display 38 in Appendix 7 provides a summary of schools scheduled for an establishment phase assessment.

In the same period, 12 schools were scheduled to commence a new site assessment under section 32 of the Accreditation Act 2017. At the end of the reporting period, all assessments were still in progress.

Display 39 in Appendix 7 provides a summary of schools scheduled for a new site assessment.

Authorised persons, school assessment

For the reporting year, nine authorised persons continued in their role as authorised persons under the Accreditation Act 2017, with five appointments ceasing on 31 December 2024 and four authorised persons reappointed to end on 31 December 2025. Six additional authorised persons with expertise in forensic investigations into financial and governance arrangements were appointed by the Board for specific assessments.

Surrender of accreditation

Section 73 of the Accreditation Act 2017 allows for a school's governing body to provide a surrender notice to the Board to surrender the accreditation of an accredited non-state school.

During the reporting period, one school was divided into two schools, resulting in the surrender of one school. Another three schools were surrendered.

Appendix 11 provides information on surrenders of accreditation from 1 July 2019 to 30 June 2024.

Amendment and cancellation accreditations (show cause notices)

Under Part 6, Division 2 of the Accreditation Act 2017, the Board can issue a show cause notice proposing to either amend or cancel a school's accreditation.

During the reporting period, the Board issued four show cause notices proposing to cancel the accreditation of a type of education. No further action was taken on one notice because the grounds no longer existed, two resulted in the cancellation of the accreditation, and two of the notices were not finalised by 30 June 2024.

Appendix 10 shows summary data for cancellation actions by the Board from 1 July 2019 to 30 June 2024.

Compliance notices

Under section 62 of the Accreditation Act 2017, the Board may issue a compliance notice to a non-state school's governing body if the Board reasonably believes that the school is not complying with an accreditation criterion, or the governing body of a school is no longer suitable to be the school's governing body, and the matter relating to the non-compliance is reasonably capable of being rectified. The notice requires the governing body to rectify the matter. The governing body must comply with the compliance notice unless the governing body has a reasonable excuse.

During the period 1 July 2023 to 30 June 2024, the Board issued 13 compliance notices. One resulted in a show cause notice. No further action was taken on one notice due to the surrender of the accreditation of the school. Nine of the notices issued for 16 grounds were still outstanding at the end of the reporting period.

Appendix 9 contains information on compliance notices issued from 1 July 2019 to 30 June 2024.

Compliance concerns

In the reporting period, the Board received 133 compliance concerns. The nature of the concerns was varied but generally related to alleged breaches of the statutory accreditation criteria and, at times, to the suitability of the governing body. Some concerns received, however, involved matters not within the jurisdiction of the Board.

During the reporting period, the Board finalised 59 of the compliance concerns received as well as 83 compliance concerns received in previous years.

Appendix 14 provides an overview of compliance concerns received since 1 July 2019.

Eligibility for government funding

To be eligible for government funding in Queensland, a non-state school's governing body must be approved by the Board as eligible for government funding for the school under the Accreditation Act 2017.

A governing body of a school is eligible for government funding for the school if the Board is satisfied the governing body meets the government funding eligibility criteria prescribed under the Accreditation Act 2017.

Applications for eligibility for government funding

The governing body of an accredited school may apply to be eligible for government funding for the school. A governing body may also apply for eligibility for government funding when applying for accreditation of a new school.

When a governing body applies for a change in the school's governing body for a school that is eligible for government funding, the Board must also be satisfied that the proposed new governing body will meet the government funding eligibility criteria.

The Board received four applications for eligibility for government funding from 1 July 2023 to 30 June 2024. One application had been finalised by the end of the reporting period and the remaining three had not been decided by 30 June 2024.

Appendix 5 and Appendix 6 provide a summary of the type and scope of applications for eligibility for government funding.

Times for Board to make certain decisions

Display 27 in Appendix 2 shows the time taken for the Board to make its decisions on accreditation for new schools, and Display 29 in Appendix 3 for existing schools to add a type of education. All decisions were made within legislative timelines.

Amalgamation of schools by amalgamation notice, and dividing schools by division notice

The Accreditation Act 2017 provides for the amalgamation of existing schools by amalgamation notice, and the division of existing schools by division notice, given to the Board by a governing body. If the Board is satisfied that the prescribed matters are met, it issues a Board notice to the governing body concerned. If the Board is not satisfied that the prescribed matters are met, it issues an information notice to the governing body concerned.

No notices were received during the reporting period, but one division received during 2022-2023 was effected.

Appendix 8 shows the number of amalgamation and division notices since 2019.

Offences

Under the Accreditation Act 2017, the Board is responsible for conducting investigations and undertaking proceedings in connection with offences. Any proceedings initiated by the Board for an offence are to be taken in a summary way under the *Justices Act 1886* (<https://www.legislation.qld.gov.au/view/html/inforce/current/act-1886-017>).

Appendix 12 shows the number of places that the Board has become aware of for the operations of unaccredited schools, specifically, the offence of a person operating a school without accreditation.

During the reporting period, the Board has not become aware of any persons holding out a school as accredited if not accredited, nor commenced any other proceedings relating to the following offences under the Accreditation Act 2017:

- governing body operating an accredited school before its student-intake day (s 75)
- Board member not disclosing changes in criminal history (s 113)
- authorised person not returning identity card (s 136)
- person contravening help requirement (s 153)
- person contravening information requirement (s 155)
- person interfering (s 160)
- governing body not giving notice of change in circumstances (s 169)
- director not disclosing details of indictable offence (s 172)
- person giving Board false/misleading information/documents (s 175)
- person disclosing protected information (s 176) or
- person impersonating authorised person (s 177).

Queensland Civil and Administrative Tribunal

If a governing body is dissatisfied with a Board decision, it has a right to apply to the Queensland Civil and Administrative Tribunal (QCAT; <https://www.qcat.qld.gov.au>) for a review of the decision.

QCAT is an independent, accessible tribunal that resolves disputes on a range of matters.

During the reporting period, the Board received one new application for review.

A summary of QCAT applications received and outcomes is provided in Appendix 13.

Programs

Review program — accreditation and, if relevant, eligibility for government funding

To fulfil its role of monitoring whether the ongoing requirements for accreditation and, if relevant, eligibility for government funding are being met, the Board has established a periodic review program under the Accreditation Act 2017, referred to as the Compliance Review Program.

As part of the Compliance Review Program, once every five years during a school's accreditation, the Board gives the school's governing body a notice requiring the governing body to provide the Board information or a document by way of a compliance review report to help the Board decide whether:

- a school's governing body is, or continues to be, suitable to be the school's governing body (Act, s 170) and
- a school is complying with the prescribed accreditation criteria (Act, s 170) and
- the Board is satisfied the governing body meets the prescribed government funding eligibility criteria – if a governing body of an accredited school is eligible for government funding for the school (Act, s 171).

For the present reporting period, the governing bodies of 102 schools demonstrated to the Board their schools' ongoing compliance with the statutory obligations of their accreditation and government funding eligibility.

A forward schedule for the review program has been established to ensure all schools participate in the program at a minimum of once every five years. Schools' governing bodies may choose to participate in the program more frequently by contacting the Board and nominating a suitable year.

A central feature of the review program continues to be the way the review process can be incorporated into and contribute to ongoing school improvement. Schools and their wider communities are continuing to use data collated from a range of sources to effectively monitor teaching, learning, and school management practices and outcomes, and to transparently account for their performance and achievement.

Through their review and renewal processes, schools reflect on their performance, build their knowledge base, and make informed decisions to drive effective change and to deliver better outcomes.

During the reporting period, the Board continued to support schools' compliance with statutory requirements for the protection of students through the review of schools' student protection written processes submitted with review program reports.

To assist governing bodies and schools, the Board has developed and published the *Non-State Schools Accreditation Board's Review Program Guidelines for the demonstration of compliance with the Education (Accreditation of Non-State Schools) Act 2017*. The guidelines were reviewed and amended in October 2023.

Annual collection of school survey data

In February 2024, the Board conducted its annual collection of *School Survey Data for Non-State Schools – Qld 2024* (also known as the state census of non-state schools), thereby meeting its statutory obligation under section 168 of the Accreditation Act 2017.

Under the Act, governing bodies of accredited non-state schools must provide the Board with the prescribed school survey data as at Census Day.

Census Day each year is the last Friday in February. For the current reporting period, this was 23 February 2024.

School survey data relates to the number of full-time and part-time students enrolled in various years of schooling and categories. This information is used primarily as a basis for allocating any allowances paid per capita. Each school receives one census form to complete for each operating site and mode of delivery, including temporary special assistance sites.

As in previous years, the content of the census instrument and the *Instructions for Completing School Survey Data for Non-State Schools – Qld 2024* ('Instructions') were reviewed and amended to improve alignment and clarify certain aspects of the data collection.

Board Secretariat support was also available to governing bodies and schools via telephone and email.

The Board also continued to improve its online Census program. The online form allows for pre-population of basic school information, real-time accuracy and consistency checks, and was customised according to each school's accreditation (therefore allowing a school to enter only information based on their accreditation attributes). It also alerts the user if they select certain student categories in the student profile but list none in that category.

On submission, the system automatically sends a validation email to each school/governing body where the form indicated a variance of three or more students and greater than 10% or a change of more than 50 students in certain categories compared to last year's data. School/governing bodies were asked to confirm that the reported numbers were accurate and to provide a possible reason for the variance. The Board Secretariat analysed the responses and queried, as required.

A summary of outcomes of the 2024 Census can be found in this report under The students.

Enrolment verification of 2024 school survey data

In 2024, the Board-appointed authorised persons completed the Board's annual compliance program to verify school survey data supplied by the governing bodies of non-state schools through the *School Survey Data for Non-State Schools – Qld 2024*, under section 168 of the Accreditation Act 2017.

Risk-based purposive sampling is used to select about 15% of non-state schools each year. Over the last five years, 246 schools have been selected once, 41 have been selected twice, 11 have been selected three times and one has been selected four times. Refer to Appendix 15 for the number of schools, sites and censuses verified over the last 10 years.

In 2024, the authorised persons verified enrolments at 96 sites of 83 schools, with a total claimed enrolment of 52,125.64. This captured 15.2% of non-state schools, and 16.6% of non-state

school domestic enrolments. Accounting for classroom and distance education at five schools, a total of 100 enrolment verifications were conducted.

Display 20 shows that the number and proportions of schools with student and needs over-counts have risen slightly from 2023, to 27.7% and 33.7% respectively. The gross over-count rate rose to a five-year high of 1.01%, indicating that 98.09% of claimed enrolments were verified.

Display 20: Number and proportion of schools with over-counts for total student and needs data, 2020-2024

Year	Schools in sample	Schools with student over-counts (full-time or part-time)		Schools with other over-inclusion errors (for example, ESL, disability)	
	#	#	%	#	%
2020	20	6	30.0	7	35.0
2021	86	22	25.6	36	41.9
2022	85	13	15.3	20	23.5
2023	88	23	26.1	24	27.3
2024	83	23	27.7	28	33.7
2020-2024	362	87	24.0	115	31.8

The Board continued to improve its online audit program, which enables more effective collaboration between the authorised persons and the Secretariat, automates the resubmission process required for schools with discrepancies found in the school survey data, and reduces the risk of human error following audit.

Once a report is accepted, an automated email with validation results is sent to the school census contact and census-authorising person as indicated on the census form. For schools with discrepancies, the original census data is automatically updated to reflect the verified data, and the census-authorising person merely needs to confirm and submit the verified numbers in the audit portal.

Authorised persons, enrolment verification

The Board appointed 14 authorised persons for the 2024 enrolment verification program. Enrolment verifications began on 18 March 2024 and ended on 22 April 2024.

Governing body update program

The Board maintains information about governing bodies and their membership in order to fulfil its statutory obligation to monitor the suitability of a governing body of an accredited school.

Board updates of governing body information include surveying each governing body at least once each year to collect information about the accuracy of contact details, the name of the chairperson/president, and particulars about directors (such as names and working with children card/exemption card details). For the current reporting period, the governing body update program was conducted during August and September 2023.

Working with children authorities

Under the Accreditation Act 2017, each director of a non-state school's governing body must have a current working with children authority (working with children clearance or exemption) issued under the *Working with Children (Risk Management and Screening) Act 2000*.

Under section 26(3) of the Accreditation Act 2017, the governing body of a non-state school is not suitable to be, or to continue to be, a school's governing body unless each director of the governing body has a working with children authority.

Governing bodies play a vital role in monitoring the working with children authority status of their own directors, and must, within 28 days, provide details to the Board of the appointment or cessation of a director.

Updates can be provided via the Board's Online Services (<http://secure.nssab.qld.edu.au>).

To effectively monitor the currency of working with children cards (WWC card), the Board writes to each governing body about the currency of WWC cards for directors when the governing body's records show that a director does not hold a current WWC card.

It should be noted that a director of a governing body of a non-state school who holds a valid WWC card can continue as a director after the expiry date of their card, provided the card was not suspended or cancelled, and they have lodged a renewal application before the card expired. In these circumstances, the existing card is deemed to remain current from the day it would otherwise end until the renewal application is decided or withdrawn.

In return, governing bodies are requested to either confirm that the director has a current WWC card or, if a director does not hold a current WWC card, confirm that the person is no longer a director.

Policies and procedures

Codes of conduct, *Public Sector Ethics Act 1994*

The Board is a public sector entity, and the Board's Chairperson is the chief executive officer of the entity, for the purposes of the *Public Sector Ethics Act 1994*. The Minister is the relevant responsible authority under that Act.

As required under the Public Sector Ethics Act 1994, the Board has developed and adopted a *Code of Conduct for Members of the Non-State Schools Accreditation Board, Members of a Committee of the Board and Authorised Persons appointed by the Board* (<http://nssab.qld.edu.au/RTI/OurPolicies.php>).

Board procedure for notice of resolution not considered at a Board meeting

Under section 117(7) of the Accreditation Act 2017, the Board has developed a *Procedure for notice of resolution not considered at a Board meeting* for circumstances where the Board is required to make a decision before it is next scheduled to meet.

Board policy for reporting to law enforcement agency

The Board has in place a *Policy for reporting to a law enforcement agency*.

In the course of performing its functions and discharging its duties under the Accreditation Act 2017, the Board can receive information from another party alleging a breach of the law, or can independently conclude that the law may have been breached.

The Board considers that it has a responsibility to report alleged and possible breaches of the law to a relevant law enforcement agency, and to that end has:

- established arrangements to fulfil that responsibility effectively and efficiently
- determined that matters are to be reported as soon as reasonably practicable
- determined that reliance is not to be placed on others to report.

The Accreditation Act 2017 and the *Information Privacy Act 2009* restrict the way the Board may disclose certain information. The Board must consider the application of these Acts to establish whether it has authority to disclose information about a breach of law.

The policy sets out the principles of action for members of the Board to disclose information to a law enforcement agency.

Board policy on confidentiality, use and disclosure of meeting papers

The Board operates under its Policy on confidentiality, use and disclosure of meeting papers.

The policy applies to each member of the Board and sets out the requirements in relation to the handling, use, release, and retention of meeting papers by members.

Complaints (Compliance concerns) handling

The Board is an independent body that has certain prescribed statutory responsibilities under the Accreditation Act 2017. It is therefore reasonable to expect that persons who have issues with non-state schools or their governing bodies will raise concerns about these entities to the Board. Compliance concerns may be about aspects of school operations or particular incidents that happen in schools.

Under the Accreditation Act 2017, the Board's jurisdiction is confined to a limited number of matters in relation to non-state schools. The two key areas of this jurisdiction are whether the governing body of a non-state school is suitable to continue to be the school's governing body, and whether a school is complying, or has not complied, with one or more of the statutory accreditation criteria prescribed by the Accreditation Regulation 2017.

The Board acts within the *Compliance concerns and Complaints Management Policy* (<http://nssab.qld.edu.au/Complaints/index.php>).

Purchasing procedures (Authorised persons – school assessments)

The Board has in place Purchasing Procedures for authorised persons.

The procedures, in conjunction with sections 129 and 130 of the Accreditation Act 2017, provide a framework for the Board to:

- recruit suitably qualified and experienced persons as authorised persons
- assign assessments to particular authorised persons in an appropriate manner, and
- provide fair remuneration for the work that gives an appropriate level of assurance to the Board about receiving value for money.

Procedures to deal with Public Interest Disclosures

The Office of the Queensland Ombudsman is the oversight agency for the *Public Interest Disclosure Act 2010* (the 'PID Act'); <https://www.legislation.qld.gov.au/view/html/inforce/current/act-2010-038>).

The PID Act applies to the Board because it is an entity established under an Act for a public purpose, and therefore falls within the definition of a 'public sector entity' in section 6(j) of the PID Act.

The Board is a 'proper authority' under section 5 of the PID Act to receive a public interest disclosure. It may receive a public interest disclosure from any person or a public officer.

The Board has developed and adopted *Procedures to deal with Public Interest Disclosures* (<http://nssab.qld.edu.au/RTI/OurPolicies.php>). The policy and procedures provide a process and guide for the Board to follow and comply with its obligations under the provisions of the PID Act and Standards, so that a member or an authorised person, or another person, may make a public interest disclosure and be provided information on how to manage the public interest disclosure, including the provision of support.

Accountabilities

Corrections to previous annual reports

No corrections were made to the previous annual report of the Board.

Board involvement in key initiatives

The Board continued to monitor legislation in force and under draft that might affect the governance and operations of non-state schools.

Budget of the Board

Under section 61(e) of the *Financial Accountability Act 2009*, the Board is required to undertake planning and budgeting appropriate to its size.

On 7 September 2023, the Board approved its budget for the 2023–24 financial year (total expenditure \$2,239,280).

Details of Ministerial directions, Accreditation Act 2017, section 123 — public interest

Under section 123 of the Accreditation Act 2017, the Minister may give the Board a written direction about a matter relevant to the performance of the Board's functions under the Act if the Minister is satisfied it is necessary to give the direction in the public interest. In the Board's annual report for a financial year, under the *Financial Accountability Act 2009*, the Board must include copies of all directions given to it under this section during the financial year.

During the reporting period, the Minister has not given the Board any written direction under section 123.

Conferences and seminars

During the reporting period, officers of the Secretariat participated in the Non-Government Schools National Managers Conference held over two days in May 2024. Officers and Authorised persons were also involved in various training sessions including:

- Australian Curriculum Version 9.0
- P-10 Planning app
- Psychosocial hazards at work
- Land and building approvals
- *Human Rights Act 2019*
- Statutory interpretation
- Sound decision making
- Privacy awareness training
- Understanding the legislative process – Queensland Parliament.

Board members also participate in Student Protection Training.

Confidentiality breach

During the reporting period, one incident occurred whereby a letter intended for a specific governing body was inadvertently sent to another governing body. The error appears to have occurred as a result of an incorrect email address on the letter, and the letter then being sent to that incorrect email address.

Within a very short time, the error was identified, and the recipient had responded to indicate that the correspondence had been deleted.

The Board sent a letter of apology to the intended recipient and informed that steps were being taken to seek to ensure that this incident remains an isolated mistake.

These steps included:

1. Reminding relevant Secretariat staff of the importance of maintaining confidentiality, including by ensuring all correspondence is addressed and sent to the intended recipient.
2. A review of the Board's relevant policies and procedures to ensure that Board's processes for maintaining confidentiality and data security are appropriate.

External scrutiny

Auditor-General, financial audit

The Auditor-General's report State entities 2023 (Report 11: 2023–24; <http://www.gao.qld.gov.au/reports-resources/reports-parliament/state-entities-2023>) was tabled on 21 March 2024, and the report Education 2023 (Report 13: 2023–24; <https://www.gao.qld.gov.au/reports-resources/reports-parliament/education-2023>) was tabled on 10 June 2024

For the Board, the Auditor-General issued an unmodified audit opinion on 25 August 2023.

Feedback from clients on performance

The Board sought written feedback from all governing bodies for which a Board decision on an application was made during the reporting period.

Each applicant was asked by email to provide feedback through an online questionnaire for each application lodged. The questionnaire contained six questions until the 2019-20 financial year, at which point three questions were added. Respondents were also invited to provide comments beyond the set questions.

Although respondents were not required to identify themselves, most included identifying details in the optional section of the questionnaire.

A total of 34 governing bodies were approached for feedback on their 56 applications, with 18 responses for 26 applications being completed.

Display 21 contains a summary of positive responses to the questionnaire over the last five financial years. The majority of respondents have agreed that the information and assistance provided has been relevant, useful and easy across the last five years. The majority of respondents have also been very satisfied or satisfied with the Board's processes and timeliness.

Human Rights Act 2019

The *Human Rights Act 2019* ('HR Act') commenced on 1 January 2020, bringing into force the 23 human rights protected under the Act.

Obligations on Board in respect of its actions and decisions [HR Act, s 58]

The Board believes that during the reporting period:

- its actions and decisions were compatible with human rights, and
- in making its decisions, it properly considered a human right relevant to the decision.

To help comply with the HR Act in these matters, the Board developed and uses a Human Rights Compatibility Assessment Tool.

Details of any actions taken by the Board during the reporting period to further the objects of the HR Act [HR Act, s 97(2)(a)]

The Board completed its implementation of the HR Act in January 2020. Since then, the Board has been operating under its decision-making framework to comply with the prescribed human rights.

Details of any human rights complaints received by the Board [HR Act, s 97(2)(b)]

No human rights complaints were made to the Board during the reporting period.

Details of any review of policies, programs, procedures, practices or services undertaken by the Board in relation to their compatibility with human rights [HR Act, s 97(2)(c)]

The Board completed its review of policies, programs, procedures, practices and services in November 2019. No further reviews in relation to their compatibility with human rights were conducted during the reporting period.

Internal audit function

The Board has not established an internal audit function, on the basis of the following:

- the Board is audited annually by the Queensland Audit Office
- the Board has in place a comprehensive system of identifying areas of operational and financial risk, and has arrangements in place to manage those risks
- the Board Secretariat, as part of the Department of Education, is subject to audit by that department's internal auditors.

Risk management

The Board has established and maintained a cost-effective system of risk management for effectively identifying and managing its strategic and operational risks. The system is consistent with the requirements of the *Financial Accountability Act 2009* and the *Financial and Performance Management Standard 2019*.

The Board managed its risks under its *Strategic and Non-Strategic Risk Register* (including its *Risk Management Framework*). The register is reviewed frequently to ensure risks remain current and at the appropriate level.

On the basis that the Board is a relatively small agency, and that the potential risks and consequential costs if a risk became an issue is likely to be medium to low, the Board has not established a risk management committee. The functions usually associated with a risk management committee are undertaken by the Board as a whole.

Workforce planning, performance, early retirement, redundancy and retrenchment

Because officers of the Board Secretariat are officers of the Department of Education, details of workforce profiles, planning, performance, early retirement, redundancy and retrenchment, and support for mental and physical wellbeing will be included in that department's annual report.

Information systems and recordkeeping

Board ICT Business System

During the reporting period, the Board ICT Business System was continually developed to gain general efficiencies in business operations.

The business system is supported by a departmentally funded maintenance and support contract.

The business system provides excellent facility and efficiency in data management, control and reporting. The system is able to undertake a wide range of data analyses and provide extensive reports to support the work of the Board. This enables information to be provided to the Board and the wider community more expeditiously.

The business system is the principal data source for the Board.

Register of accredited non-state schools

As required by section 126 of the Accreditation Act 2017, the Board maintains a register about accredited non-state schools.

The register is kept in electronic form as part of the Board ICT Business System.

The register contains the following information for each accredited school:

- the school's name
- the day of its accreditation
- the student-intake day for each type of education the school may provide under its accreditation
- if the school is an establishment phase school for a year of schooling, the student-intake day for the year of schooling
- the attributes of accreditation of the school
- details of the type of education that may be provided at the school
- whether the governing body for the school is eligible for government funding, and
- other information prescribed by regulation.

No other information is prescribed in the Accreditation Regulation 2017.

The register is open for inspection, on payment of the fee prescribed under the Accreditation Regulation 2017, at the Board's office by members of the public during ordinary office hours.

The Board will give a person a copy of the register, or a part of it, on payment of the fee prescribed under the Accreditation Regulation 2017.

Under the Accreditation Regulation 2017, the prescribed fee is 50 cents for each page, or part of a page, of the register. The Board may waive, wholly or partially, payment of the fee if it is satisfied payment of the fee would cause financial hardship to the person liable to pay it. Also, the Board may waive payment of the fee if it is satisfied on reasonable grounds that the anticipated cost to the Board for collecting the fee makes it uneconomical to do so.

Records management system

Records of the operations of the Board are maintained in accordance with the *Public Records Act 2002*.

The Board uses a quarantined part of the secure recordkeeping system of the Department of Education for the capture, management, storage, and retrieval of its electronic documents.

Under a Standing Offer Arrangement, secure and confidential storage of the Board's hardcopy files is provided off site.

Retention and disposal schedule

The *Education and Training Sector Retention and Disposal Schedule*, approved by the State Archivist on 14 November 2018, applies to the Board. This schedule authorises, among other things, the disposal of records created by the Board, and revokes the previously issued *Non-State Schools Accreditation Board Retention and Disposal Schedule*.

Authorisation for the disposal of public records is given under the provisions of section 13 of the *Public Records Act 2002*.

Open data strategy

The Board's open data strategy identifies, assesses and prioritises data for release; outlines a four-year forward plan for delivery of the initiative; and includes other topics, such as approaches to governance, regulatory compliance, and an objective to minimise duplication of effort.

Data published under the Board's open data strategy is available on the Board's website, and via the Queensland Government Open Data website at <https://www.data.qld.gov.au>.

Performance report

Government objectives for the community

Strategic plans are public statements of how the Board will undertake its statutory obligations and contribute to the government's social and fiscal objectives during the period covered by the plan.

The Board contributed to the government objectives for the community – *Good Jobs, Better Services, Great Lifestyle* – particularly for backing and delivering our frontline education services by:

- upholding the standards of education in non-state schools
- maintaining public confidence in the operation of non-state schools
- fostering educational choice in Queensland.

The Accreditation Act 2017, the Accreditation Regulation 2017, and the government's social and fiscal objectives for the state provide the framework within which strategic plans are developed.

Strategic Plan 2023–2027 and Operational Plan 2023–2024

For the reporting period, the Board operated within the scope of the *Strategic Plan 2023–2027* approved by the Board before the start of the period. Also, the Board operated within its *Operational Plan 2023–2024*.

The Board developed and approved each of these plans consistent with the requirements placed on statutory bodies by the *Financial and Performance Management Standard 2019*, made under the *Financial Accountability Act 2009*.

As with strategic plans in previous years, the 2023–2027 plan included goals, strategies and performance indicators for the Board.

The vision and values that guide and underpin the Board in its operations are stated at the front of this annual report.

When developing the *Strategic Plan 2023–2027* and the *Operational Plan 2023–2024*, members were highly aware of the challenges, priorities and key strategic risks existing at the time. These are set out in the *Strategic Plan 2023–2027*.

The *Strategic Plan 2023–2027* is available on the NSSAB website at <http://nssab.qld.edu.au/Pdf/StrategicPlan2023-2027.pdf>.

Strategic Plan 2024–2028 and Operational Plan 2024–2025

During the reporting period, the Board developed and approved its *Strategic Plan 2024–2028* and *Operational Plan 2024–2025*.

Proposed forward operations

For the next reporting period, the Board will operate under its *Strategic Plan 2024–2028*, consistent with the requirements of the *Financial and Performance Management Standard 2019*, made under the *Financial Accountability Act 2009*.

An electronic copy of the Board's *Strategic Plan 2024–2028* is available for download from the Board's website (<http://nssab.qld.edu.au/Publications/strategic.php>).

Projected key activities for 2024–2025

In 2024-25, the Board expects to:

- implement its Strategic Plan 2024–2028 and Operational Plan 2024–2025
- review its operations and develop its Strategic Plan 2025–2029 and Operational Plan 2025–2026
- implement actions arising from the review of the administration of the 2024 census of enrolments and the associated enrolment verification program
- conduct the 2025 annual census of enrolments at non-state schools
- arrange for Board-appointed authorised persons to undertake the 2025 annual enrolment verifications of a sample of schools selected by the Board
- continue to review and strengthen the administration of the 2025 census of enrolments and the associated enrolment verification program
- conduct the annual governing body update program
- continue to look for ways to enhance operational effectiveness through technological and other improvements
- further enhance the Board's website and online services for efficacy
- continue to monitor the implementation in non-state schools of child protection legislation

- continue to monitor the legislative framework within which the Board operates
- continue to implement the Board's risk management strategy,
- continue to discharge the Board's statutory functions
- work closely with QCAA to provide on-going training and advice to the Board, its authorised persons and Secretariat staff regarding school's written and implemented educational programs
- continue to work with the Department to implement the recommendations arising from the *Queensland non-State schools accreditation framework review report*

Summary of Board’s financial performance

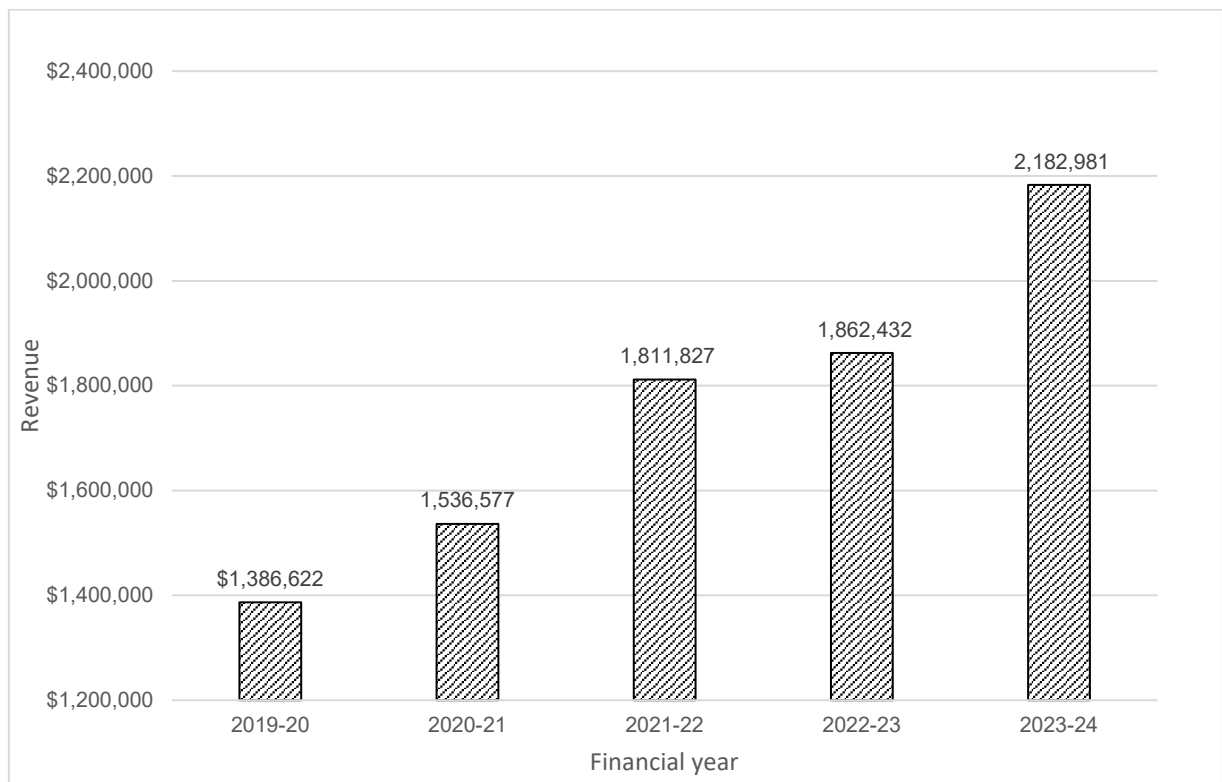

Funding source

The Board’s funding source is mostly comprised of an appropriated amount specified in the Service Delivery Statements (Department of Education). The Board also receives interest on its bank account during each financial year.

The Board receives material-contributed services free of charge from the Department of Education. These contributed services would have been purchased if they had not been contributed by the department. The fair value of those services at cost is recognised as Contributed Service Revenues and Expenses in the Board’s Statement of Comprehensive Income in the Board’s Financial Reports. For 2023–24, the contributed services amount was \$2,182,981.

Display 22 shows the material contributed services revenues free of charge from the Department of Education in each of the five years to and including 2023–24.

Display 22: Contributed services revenues free of charge from the Department of Education, 2019–20 to 2023–24

The appropriated amount specified in the Service Delivery Statements (Department of Education) 2023–24 was \$2,173,000.

The Board carried forward \$41,491 from 2022–23.

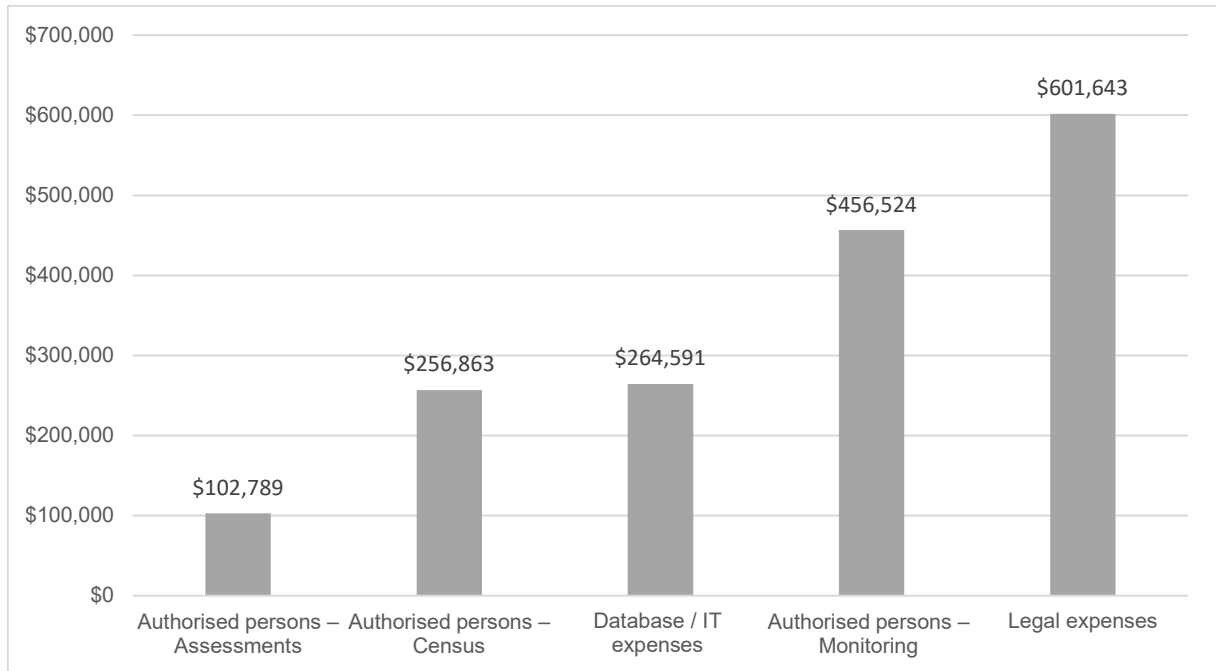

Inclusive of bank account interest, the Board’s total available funds for its operations in the reporting period was \$2,255,251.

Expenditure

The Board's total expenditure for 2023–24 was \$1,867,534, an increase of \$286,688 (18.14%) over the previous year's spend. The increase in expenditure during 2023–24 is primarily due to legal fees payable in relation to the management of complex compliance investigations and matters lodged with QCAT as well as costs for monitoring assessments.

Display 23 shows the five largest categories of expenditure during the reporting period. These relate to Operating expenses and exclude Contributed Services expenses.

Display 23: Five largest categories of Board expenditure, 2023-24

Accumulated surplus

At the end of 2023–24, the Board had an accumulated surplus of \$387,717.

Available funds and spend

Display 24 shows the Board's total endowment, available funding, and spend for 2019–20 to 2023–24.

Display 24: Total endowment, total available funds, and total spend, 2019-20 to 2023-24

Summary

Other than cash at bank, the Board does not hold property or other assets.

The Board monitored its budget and expenditure against budget amount throughout the year.

Typically, this was undertaken monthly.

The Board’s expenditure was within its total available funds for its operations in the reporting period.

Non-State Schools Accreditation Board
Notes to the Financial Statements
For the Year Ended 30 June 2024

Note 1 – Basis of Financial Statement Preparation

(a) General information about the reporting entity

These financial statements cover the Non-State Schools Accreditation Board (the Board). The Board is a Statutory Body established under the *Education (Accreditation of Non-State Schools) Act 2001* (repealed 1 January 2018), and continued in existence from 1 January 2018 under the *Education (Accreditation of Non-State Schools) Act 2017* (Accreditation Act 2017). The Board does not control other entities. The financial statements include the value of all income, expenses, assets, liabilities and equity for the Board as an individual entity.

The objectives of the Board include the following: to assess applications for accreditation of non-state schools; to accredit non-state schools; to assess and decide applications about governing bodies' eligibility for government funding; to monitor whether accredited schools continue to comply with the accreditation criteria and whether the governing bodies are suitable to continue to be a school's governing body; and to conduct investigations about contraventions of, or noncompliance with, the Accreditation Act 2017.

(b) Authorisation of financial statements for issue

The financial statements are authorised for issue by the Chair of the Board and Executive Director of the Board's Secretariat at the date of signing the Management Certificate.

(c) Compliance with prescribed requirements

The financial statements have been prepared in compliance with the *Financial Accountability Act 2009* and the *Financial and Performance Management Standard 2019*.

These general purpose financial statements are prepared in accordance with the disclosure requirements of Australian Accounting Standards – Simplified Disclosures. The financial statements comply with the recognition and measurement requirements of all Australian Accounting Standards and Interpretations applicable to not-for-profit entities, and the presentation requirements in those standards as modified by AASB 1060.

(d) Underlying measurement basis

The financial statements are prepared on an accrual basis, with the exception of the statement of cash flows which is prepared on a cash basis.

The historical cost convention is used as the measurement basis unless otherwise stated.

(e) Presentation matters

Currency and rounding – Amounts included in the financial statements are in Australian dollars. Amounts are rounded to the nearest dollar.

Comparatives – Comparative information reflects the audited 2022-2023 financial statements.

Current / non-current classification – Assets are classified as 'current' where their carrying amount is expected to be realised within 12 months after the reporting date. Liabilities are classified as 'current' when they are due to be settled within 12 months after the reporting date, or the Board does not have an unconditional right to defer settlement to beyond 12 months after the reporting date.

Non-State Schools Accreditation Board
Notes to the Financial Statements
For the Year Ended 30 June 2024

Note 1 – Basis of Financial Statement Preparation (continued)

(f) Taxation

The Board is exempted from income tax under the *Income Tax Assessment Act 1936* and is exempted from other forms of Commonwealth taxation with the exception of Fringe Benefits Tax (FBT) and Goods and Services Tax (GST).

Receivables and payables in the balance sheet are shown inclusive of GST. GST credits receivable from, and GST payable to, the ATO at reporting date are separately recognised in receivables within Note 5.

(g) New and revised accounting standards

First time mandatory application of Australian Accounting Standards and Interpretations

No new accounting pronouncements applicable for the first time in 2023-24 had a material impact on the Board.

Early adoption of Australian Accounting Standards and Interpretations

No accounting pronouncements were early adopted in the 2023-24 financial year.

Voluntary changes in accounting policy

No voluntary changes in accounting policies occurred during the 2023-24 financial year.

Note 2 – Grants and other contributions

Accounting policy

Grants and contributions arise from transactions that are non-reciprocal in nature (i.e. do not require any goods or services to be provided in return). Grants and contributions relate to funding and services received from the Department of Education.

The grants and contributions are accounted for under AASB 1058 *Income of Not-for-Profit Entities*, whereby revenue is recognised upon receipt of the grant funding. The Board did not receive any specific purpose capital grants in this financial year.

Additional Disclosures

The entire amount of \$2,173,000 from grants for 2023-24 represents grants from the Department of Education (2022-2023: \$1,195,000).

Note 6 – Key management personnel (KMP) disclosures

Details of key management personnel

The following details for non-Ministerial key management personnel include Board members who had authority and responsibility for planning, directing and controlling the activities of the Board and those positions accountable for the provision of administrative support services reasonably required for the Board to carry out their functions effectively and efficiently, as mentioned in section 120 of the *Education (Accreditation of Non-State Schools) Act 2017*.

Position	Position responsibility
Board Members	The strategic leadership, guidance and effective oversight of the management of the Board, including its operational and financial performance.
Executive Director	Responsible for ensuring that the support given to the Board is provided in an efficient, effective and economical manner.

The Executive Director has additional responsibilities within the Policy, Planning, International and Intergovernmental Branch in the Department of Education. Consequently, approximately fifty per cent of the Executive Director's remuneration expense is notionally attributable to the Board.

Non-State Schools Accreditation Board
Notes to the Financial Statements
For the Year Ended 30 June 2024

Note 6 – Key management personnel (KMP) disclosures (continued)

KMP remuneration policies

Eligible members of the Board are paid in accordance with the Queensland Government's *Remuneration procedures for part-time Chairs and members of Queensland Government bodies*. Members of the Board who are public sector employees are ineligible to receive remuneration.

Remuneration policy for the Board's key management personnel is set by the Queensland Public Service Commission as provided for under the *Public Sector Act 2022*.

The remuneration and employment conditions for the Executive Director are specified in Directive 09/23 effective 01/07/2023 by the Public Service Commission.

The remuneration for the Executive Director is provided by the Department of Education at no cost to the Board. Remuneration expenses for the Executive Director comprise the following components:

Short term employee expenses which include:

- salaries and allowances earned and expensed for the entire year, or for that part of the year during which the employee occupied the specific position.
- performance payments recognised as an expense during the year.
- non-monetary benefits – consisting of provision of vehicle together with fringe benefits tax applicable to the benefit.

Long term employee expenses – mainly annual leave and long service leave entitlements earned and expensed for the entire year, or for that part of the year during which the employee occupied the specific position.

Post-employment expenses – mainly superannuation contributions.

Termination benefits – not provided for within individual contracts of employment. Contracts of employment provide only for notice periods or payment in lieu of notice on termination.

The following disclosures focus on the expenses incurred by the Board during the respective reporting periods that is attributable to key management positions. Therefore, the amounts disclosed reflect expenses recognised in the Statement of Comprehensive Income.

Note 6 – Key management personnel (KMP) disclosures (continued)

Performance payments

No KMP remuneration packages provide for performance or bonus payments.

Note 7 – Related party transactions

The Board has no related party transactions during 2023-24 with people and entities related to key management personnel outside of their remuneration. The Board receives grant funding and material contributed services free of charge from the Department of Education (refer to note 2 and note 4).

Note 8 – Contingencies

As of 30 June 2024, the Board was a party to eight matters filed with the Queensland Civil and Administrative Tribunal. It is not possible to make a reliable estimate of the final amount payable, if any, in respect of the matters before the tribunal at this time. On 26 June 2024, the Tribunal delivered its decision on a matter before it upholding the Board's decision. This matter is open to appeal.

Note 9 – Events occurring after balance date

There were no significant events occurring after balance date.

Note 10 – Other information

Insurance

The Board insures for public liability risks. Such insurance cover is currently held with the Queensland Government Insurance Fund.

Note 11 – Economic support by the Department of Education

The Board is reliant on grant funding from the Department of Education to support its operations. The Department guarantees continued funding for the foreseeable future and the payment of all debts of the Non-State Schools Accreditation Board as and when they fall due.

Non-State Schools Accreditation Board
Notes to the Financial Statements
For the Year Ended 30 June 2024

**MANAGEMENT CERTIFICATE OF
THE NON-STATE SCHOOLS ACCREDITATION BOARD**

These general purpose financial statements have been prepared pursuant to s.62(1)(a) of the *Financial Accountability Act 2009* (the Act), s.39 of the *Financial and Performance Management Standard 2019* and other prescribed requirements. In accordance with s.62(1)(b) of the Act we certify that in our opinion:

- (a) the prescribed requirements for establishing and keeping the accounts have been complied with in all material respects; and
- (b) the financial statements have been drawn up to present a true and fair view, in accordance with prescribed accounting standards, of the transactions of the Non-State Schools Accreditation Board for the financial year ended 30 June 2024 and of the financial position of the Board as at that date.

We acknowledge responsibility under s.7 and s.11 of the *Financial and Performance Management Standard 2019* for the establishment and maintenance, in all material respects, of an appropriate and effective system of internal controls and risk management processes with respect to financial reporting throughout the reporting period.

Independent auditor report

INDEPENDENT AUDITOR'S REPORT

To the Board of Non-State Schools Accreditation Board

Report on the audit of the financial report

Opinion

I have audited the accompanying financial report of the Non-State Schools Accreditation Board.

In my opinion, the financial report:

- a) gives a true and fair view of the entity's financial position as at 30 June 2024, and its financial performance and cash flows for the year then ended; and
- b) complies with the *Financial Accountability Act 2009*, the Financial and Performance Management Standard 2019 and Australian Accounting Standards – Simplified Disclosures.

The financial report comprises the balance sheet as at 30 June 2024, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements including material accounting policy information, and the management certificate.

Basis for opinion

I conducted my audit in accordance with the *Auditor-General Auditing Standards*, which incorporate the Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report.

I am independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including independence standards)* (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code and the *Auditor-General Auditing Standards*.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

Other information comprises financial and non-financial information (other than the audited financial report) included in Non-State Schools Accreditation Board's annual report.

Those charged with governance are responsible for the other information.

My opinion on the financial report does not cover the other information and accordingly I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

Responsibilities of the entity for the financial report

The Board is responsible for the preparation of the financial report that gives a true and fair view in accordance with the *Financial Accountability Act 2009*, the Financial and Performance Management Standard 2019 and Australian Accounting Standards – Simplified Disclosures, and for such internal control as the Board determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

The Board is also responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless it is intended to abolish the entity or to otherwise cease operations.

Auditor's responsibilities for the audit of the financial report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of my responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf

This description forms part of my auditor's report.

Report on other legal and regulatory requirements

Statement

In accordance with s.40 of the *Auditor-General Act 2009*, for the year ended 30 June 2024:

- a) I received all the information and explanations I required.
- b) I consider that, the prescribed requirements in relation to the establishment and keeping of accounts were complied with in all material respects.

Prescribed requirements scope

The prescribed requirements for the establishment and keeping of accounts are contained in the *Financial Accountability Act 2009*, any other Act and the Financial and Performance Management Standard 2019. The applicable requirements include those for keeping financial records that correctly record and explain the entity's transactions and account balances to enable the preparation of a true and fair financial report.

Appendix 16 Non-state schools and sites operating at 30 June 2024

Explanatory notes:

- a. This appendix lists all operating non-state schools and sites in Queensland at 30 June 2024, and gives the location of all sites, the Queensland centre code, the site type, the type of education, year levels, gender, and mode of delivery for which the school is accredited at each site, whether the site is accredited for boarding, whether the site is a special assistance site, and the name of the school's governing body.
- b. Even though a school is accredited for a particular attribute, the school may not be offering that attribute. This may be for a number of reasons, including: (i) being accredited but the relevant student-intake day has not yet happened, or (ii) being accredited but the school has decided not to offer part of or all of the attributes for a short period of time.
- c. A school can operate from more than one site. The first site listed for a multi-site school is the host centre. The subsequently listed sites are associated facilities. Only sites that have commenced operation are included.
- d. Anyone interested in the program offerings of particular schools should contact the schools directly.
- e. Changes from 30 June 2023 are shaded grey.
- f. Abbreviations:

TOE – Type of education

AF – Associated facility

D – Distance education

YL – Year level

P – Primary education

MOD – Mode of delivery

S – Secondary education

HC – Host centre

C – Classroom education
